

Robert Murakami

Program Coordinator
(NCCP #468233)

I am currently the administrator and the senior instructor for Canadian Performance Training, a baseball skills development program. I am also a coach facilitator for Baseball Ontario.

For 2018, I was the head coach of a peewee select team for the York Baseball Association (York) and the team manager of a major mosquito select team for the City of Vaughan Baseball Association.

At the end of the 2017 baseball season, I resigned my coaching duties at Martingrove Baseball Association, an association I was involved in since 2014. While at Martingrove Baseball I was involved in instructing their t-ball, rookieball and mosquito players through a series of skills development summer sessions and my own designed and managed winter baseball camp (30 sessions per year - 2015 to 2017). I am the former rookieball and mosquito select head coach for Martingrove Baseball.
